Equipment picture

Technical description

- Small door and Main frame pipe: 50 * 100 * T3 square pipe;
- Appearance modeling: a new humanized design
- Motion track: smooth motion track more in line with ergonomic principles
- Guard board: the guard board adopts 1.25mm cold plate bending process
- Handle decorative cover: made of aluminum alloy
- Regulator: visual manual adjustment pin
- Steel wire rope: About 6mm diameter high quality steel wire rope, made of 7 strands of 18 cores, wear-resistant, firm and not easy to break
- Cushion: polyurethane foaming process, super fiber leather surface fabric, waterproof and wear-resistant, multi-color optional
- Frame paint: Car grade paint baking process, bright color, long-term rust prevention
- Pulley: high quality PA injection molding, high quality bearing, smooth rotation, no noise

Leg Extension

Size: L-1420 W-1020 H-1630mm N.W.:223kgs

Training position: quadriceps femoris, middle femoris, outer femoris and inner femoris

Product name	Leg Press	Model	F03
Equipment picture			

Technical description

- Small door and Main frame pipe: 50 * 100 * T3 square pipe;
- Appearance modeling: a new humanized design

Product name	Super Bench	Model	F39
--------------	-------------	-------	-----

Equipment picture

Technical description

- Main frame pipe: 50 * 100 * T3 square pipe;
- Appearance modeling: a new humanized cushion design
- Cushion: polyurethane foaming process, super fiber leather surface fabric, waterproof and wear-resistant, multi-color optional
- Frame paint: Car grade paint baking process, bright color, long-term rust prevention

Super Bench

Size: L-1380 w-680 H-60 N.W:43kgs

Training position: Pair with dumbbell or small barbell bar for two head, shoulder lifting and other training

Product name	Olympic Bench	Decline	Model	F41
--------------	---------------	---------	-------	-----

Equipment picture

Technical description

- Main frame pipe: 50 * 100 * T3 square pipe;
- Appearance modeling: a new humanized cushion design
- Cushion: polyurethane foaming process, super fiber leather surface fabric, waterproof and wear-resistant, multi-color optional
- Frame paint: Car grade paint baking process, bright color, long-term rust prevention

Olympic Decline Bench

Size: L-2090 w-1560 H-1230 N.W:120kgs

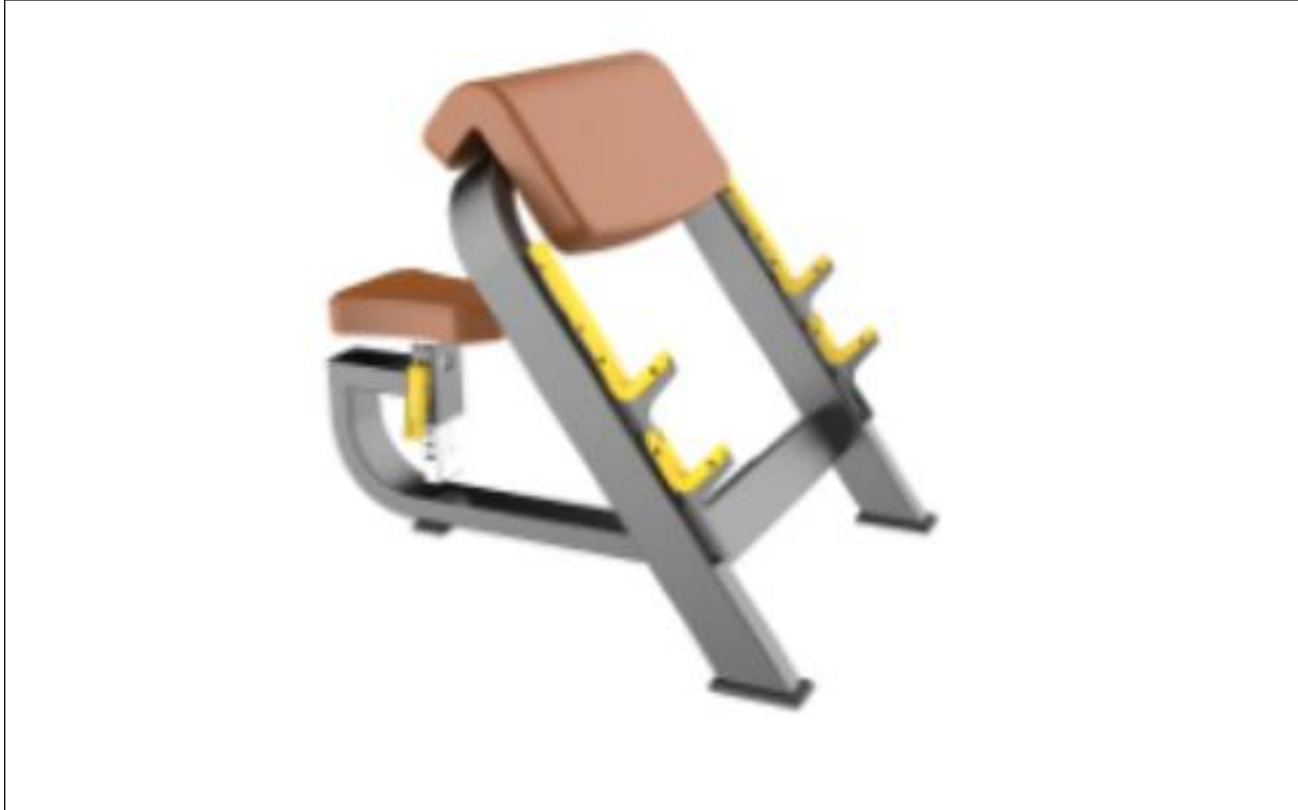

Training position: Push down the chest with the 2.2 Olympic pole (Pectoralis major, lower part)

Product name	Olympic Incline Bench	Model	F42
Equipment picture
